SHOP MADE IN DC

next generation incubator

scaling businesses through inventive space

quality goods with direct impact

DEDICATED TO MAKERS

It's no secret that DC is home to hundreds of creatives who design, craft, roast, stitch, bake, weld, brew and build amazing products -- and now there is a retail initiative dedicated to helping them grow!

Founded by Stacey Price of People Make Place and Michael Babin of Neighborhood Restaurant Group, Shop Made in DC is a retail initiative with a mission to grow DC's makers and artists. As the first store dedicated to only Made in DC products, our four locations in Dupont Circle, Georgetown, the Wharf and Canopy Embassy Row, are home to over 200 makers and nearly 5,000 MADE IN DC products including apothecary, apparel, art, furniture, jewelry, home decor and stationery.
