

Project Management Consultants

Project Management Consultants provides consulting services on public-private financing and real estate development with an emphasis on filling financing gaps to help projects move to completion.

PMC often see financing issues for 2nd stage growth companies seeking assistance from State and Local Governments

ATLANTA | CINCINNATI | CLEVELAND | COLUMBUS | DAYTON | NEW YORK | WASHINGTON, D.C.

Most state and local governments do not see the importance of growing 2nd stage growth companies

Public Financing Issues include:

Caps in funding that are too small

No working Capital funding sources

IT Equipment and software are often not eligible

Job Creation numbers are too large

Risk- the company moves to another location where they can get funds to grow quickly
