Mobility: Self-driving electric bus propels Swiss town into the future

Route 12 is a fully integrated piece of public transportation infrastructure for use by the Swiss public. The bus moves right down the road under its own control, navigating among conventional cars, pedestrians, and cyclists.

Home of Drones

Poised to become world leaders in drone technology, Swiss innovators and regulators cooperate to protect intellectual property and support a highly skilled labour force. At the centre, ETH Zurich's drone research and spin-offs contribute to Switzerland's reputation for high quality tech.

Formula Student

Harry Truman said it best:

- There are three kinds of people in this world

  - Those who make things happen!
  - Those who watch things happen!
  - And those who wonder...what the Hell happened????

  - **WHICH ONE ARE YOU?**
