## Revving Up Your Creative Industries with Incubation and Acceleration Services

# Arlington VA is across Potomac River from Washington D.C.

# Mission and Organization

**Arlington Cultural Affairs** is charged with fostering **a creative environment that encourages collaboration, innovation, and community participation**. We do this by providing material support to artists, and arts organizations, in the form of grants, facilities, and theater technology; through a commitment to integrating award-winning public art into our built environment; and with high quality performing, literary, visual, and new media programs across the County.
